4.4.18.1. Both during the Rental Period and outside the Rental Period, the User is prohibited from transporting the IMD in a car, bus, trolleybus, taxi or in any other means of transport (in any other way), to go take the IMD down into the metro, to ride on it or carry/haul it inside buildings, restricted areas, etc.

4.4.18.2. If the IMD exits (moves in any other way) outside the Travel Zone, the User is obliged to immediately return the IMD to the Ride Zone. The time spent by the IMD outside the Ride Zone is included in the Rental Period and is subject to payment.

4.4.19. Prevent harm to the life, health and property of third parties, including other road users. If harm is caused by using the IMD, the User is liable in the manner prescribed by the current legislation of the Belarus.

5. Payment Amount, Procedures and Form of Payment

5.1. Payments shall be made in accordance with the procedures and under the conditions determined by the current legislation and the rules of the relevant payment systems. Non-cash payments under the Agreement, including the payment of the sublicense fee, rental fees, fines and other payments provided for by the Agreement, shall be made by direct debiting of funds from the User's bank card in accordance with the Tariffs.

5.2. When accepting this T&C, the User expresses its unconditional consent to the sending by the Copyright Holder of orders, requests, claims to the User's bank, as well as to the direct debiting of funds that make up the sublicense fee, rental fees, fines and other payments provided for by the Agreement.

5.3. The amount of the sublicense fee and rent as well as the procedures for their payment shall be governed by this section 5 of the T&C, as well as by the Tariffs and, if the User activates the Subscription, the description of the Subscriptions available in the Mobile Application. If the provisions of the T&C contradict the provisions of the Tariffs and the description of the Subscriptions, the provisions of the Tariffs and the description of the Subscriptions shall prevail. In the event of a conflict between the provisions of the Tariffs and the description of the subscriptions, the descriptions of the Subscriptions shall prevail.

5.4. Sublicense Fee

5.4.1. For the sublicense provided in accordance with the Agreement, the User shall pay to the Copyright Holder sublicense fee in the amount established by the Tariffs.

5.4.2. The sublicense fee includes the following components:

5.4.2.1. If the User has not purchased any of the available Whoosh Pass Subscriptions:

(a) a fixed payment in the amount established by the Tariffs charged to the User for each use of the Mobile Application functionality for the start of each new IMD Rental (unlocking the IMD, start of the trip);

(b) a sublicense fee calculated for each 1 minute of using the Mobile Application during the IMD Rental period in accordance with the rate specified in the Tariffs (per minute rate).

5.4.2.2. If the User purchases any of the available Whoosh Pass Subscriptions:

(a) the fee for the Subscription, the amount and procedure for payment of which is determined by clause 5.6.3 of this T&C, as well as the Tariffs and description of the Subscription;

(b) the sublicense fee in accordance with the per-minute rate specified in clause 5.4.2.1 (b) of this T&C;

(c) the Tariffs and/or the description of the Subscription may provide for the complete cancellation of the sublicense fee specified in clause 5.4.2.1 (a) of this T&C for the duration of the Subscription. In this case, during the validity period of the corresponding Subscription, such sublicense fee shall not be charged and must not be paid, and it is not included in the amount of the sublicense fee. If the Tariffs and/or the description of the Subscription do not provide for the complete cancellation of the sublicense fee specified in clause 5.4.2.1 (a) of this T&C, the corresponding payment shall be included in the sublicense fee.

5.5. Rental Fees

5.5.1. The amount of the rental fees for the IMD Rental depends on the actual time of the IMD Rental by the User and is calculated based on the established tariff for 1 minute of Rental. The corresponding rental tariff is dynamic and may depend on various factors, including the level of

demand for the IMD and the battery level of the IMD as of the time of the start of the trip. The specific tariff to be applied to the IMD Rental is indicated in the Whoosh Mobile Application when the User chooses the IMD, but before the start of the Rental.

5.6. Whoosh Pass Subscriptions

5.6.1. The User has the right, using the functionality of the Mobile Application, at any time during the period of validity of the Agreement to purchase a Whoosh Pass Subscription in accordance with one of the options available in accordance with the description of the Subscriptions (to activate the Subscription). Only one Subscription can be activated at a time.

Furthermore, the User is entitled to purchase a new Subscription during the validity period of the previously activated Subscription. In this case, the fee for the newly purchased Subscription shall be debited at the time of its purchase, and the activation of a new Subscription shall be carried out on the day following the last day of the validity period of the previous Subscription.

5.6.1.1. The Subscription action will be available to the User only within one or a single Geographical area of IMD use. The geographical area of the User's location is determined using the functionality of the Mobile Application in automatic mode.

If the User is not located in the Geographical area where the IMD can be used under the Agreement, it will be impossible to purchase a Subscription.

5.6.2. Activation of the Subscription entails a change in the terms of the Agreement for the duration of such a Subscription in accordance with the description of the Subscription, including the following changes (unless otherwise specified in the description of the Subscription):

5.6.2.1. Changing the conditions regarding the amount of the sublicense fee in accordance with clause 5.4.2.2 of this T&C;

5.6.2.2. Other conditions specified in the description of the Subscription. Such conditions may include conditions regarding the number of IMD that the User can accept for Rental within the framework of a Group Trip; the duration of the Booking period; the cost of Insurance; canceling the block on the User's bank card of the deposit provided for in clause 5.8 of this T&C, as well as other conditions.

5.6.3. At the moment of activation of the Subscription option selected by the User, excluding the Trial period, the User's bank card will be charged the Subscription fee specified in clause 5.4.2.2 (a) in the amount specified in the Subscription description. In the cases established by the second paragraph of clause 5.6.1 of this T&C, the Subscription fee shall be debited from the User's bank card at the time of purchasing such a Subscription in the Mobile Application, but before activating such a Subscription.

5.6.4. The Whoosh Pass Subscription selected by the User shall be valid for the period specified for a specific type of Subscription in the Subscription description, and it is activated using the following procedures:

from the activation of the Trial period;

from the moment the full amount of the Subscription fee is received on the bank account of the Copyright Holder, if the Subscription previously purchased by the User is not valid at the time the User pays the Subscription fee;

from the day following the last day of the validity period of the previous Subscription, if the Subscription previously purchased by the User is valid at the time the User pays the Subscription fee;

5.6.5. In case of insufficient funds on the User's bank card to pay for the Subscription, activation and/or purchase of the Subscription is not carried out.

5.6.6. At the end of the Subscription period, Including the Trial period, the corresponding Subscription is activated again for the same period automatically (Subscription renewal) if:

- The User has not disabled the renewal of the Subscription in the Mobile Application;
- the terms of the current Subscription have not been changed by the Copyright Holder in accordance with clause 5.6.8 (in particular, if, as a result of such changes, the T&C and/or the description of Subscriptions no longer provide for Subscriptions on terms corresponding to the terms of the current Subscription);
- before the end of the validity period of the current Subscription, the User has not acquired a new Subscription (paragraph two of paragraph 5.6.1 of this T&C).

Subscription renewal is carried out an unlimited number of times after the end of each Subscription period.

At the same time, the conditions of the Subscription for each new period of its validity are determined by the conditions contained in the description of the corresponding Subscription on the date of its payment for the corresponding period (regardless of the date of its activation). The User is obliged to monitor changes in the terms of the Subscription in the Mobile Application on his own and, if he does not agree with the change in such conditions, disable the automatic renewal of the Subscription.

5.6.6.1. The User may refuse to purchase (renew) the Subscription via the Mobile App before the expiration of the trial period of the Subscription. If the User uses the Trial period, the Rights Holder will separately inform the User by push notification of the end of the Trial period 24 (twenty-four) hours before the calculation of the Subscription Fee for the next period in accordance with paragraph 5.6.3. of this Offer.

5.6.7. Prolongation of the Subscription in accordance with clause 5.6.6 shall be carried out subject to the debiting of the subscription fee from the User's bank card, while the Subscription shall be considered to have been extended for the next period from the moment the corresponding payment is received to the settlement account of the Copyright Holder. If there are insufficient funds on the User's bank card to pay for the Subscription, the Subscription will not be automatically prolonged.

5.6.8. The Copyright Holder has the right at any time to unilaterally change the terms and conditions of the Subscription by posting new terms and conditions in the description of the corresponding Subscription in the Mobile Application. The new Subscription terms apply to Subscriptions paid for

(including by prolongation of the Subscription) on the day such terms are posted by the Copyright Holder in the Subscription description or later and do not change the terms of the subscriptions that have been paid for previously. The User is obliged to independently monitor changes in the terms of the Subscription in the Mobile Application.

5.6.9. The User has the right at any time during the validity period of the Subscription to unilaterally refuse the automatic prolongation of the Subscription by disabling the corresponding function in the Mobile Application.

5.6.10. The Copyright Holder is entitled to unilaterally cancel the automatic prolongation of the Subscription for the next period in the following cases:

5.6.10.1. if the User has never accepted the IMD for Rent during the current period of the Subscription;

5.6.10.2. if the User violated the Agreement during the current period of validity of the Subscription.

5.6.11. The Copyright Holder is entitled to unilaterally terminate the Subscription before the expiration of its validity period if a violation of the Agreement was committed by the User during the Subscription validity period.

5.6.12. The Copyright Holder is not responsible for cases when, for technical reasons, the fee for the Subscription from the bank card has not been debited and the Subscription has not been activated (including for the next period using the procedures for prolongation).

5.6.13. From the moment when the Subscription is terminated, the relations of the Parties shall be governed by the terms of the Agreement without applying the terms and conditions contained in the description of the Subscriptions.

5.7. Blocking of the Deposit

5.7.1. In order to guarantee the payment of the sublicense fee, as well as the rental fee, the Copyright Holder has the right to block on the User's card an amount of up to 30 (thirty) Belarusian rubles at the time of the start of the Rental. The Copyright Holder shall unblock this amount after the trip has been paid for in full by the User (including the sublicense fee and rental fee charged as a result of the trip), and the funds shall remain on the User's bank card.

5.7.2. If the aggregate amount of the sublicense fee and rental fee charged during the trip is less than 10 (ten) Belarusian rubles, the Copyright Holder shall have the right to remove the blocking of the deposit before the User pays for the trip.

5.7.3. If there are insufficient funds on the User's bank card to pay for the trip (including sublicense fees and rental fees) at the time of their debiting in accordance with section 5.9 of the T&C, the amount of the deposit specified in clause 5.9.1 may be debited by the Copyright Holder in full for the trip or in the part covering shortfall in the amount necessary to pay for the trip.

5.8. Procedures for Debiting Funds at the End of a Trip

5.8.1. At the end of the trip, the following payments charged during the trip shall be debited from the User's bank card:

- the sublicense fee specified in clause 5.4.2.1 (a) of this T&C (if applicable);
- the sublicense fee specified in clause 5.4.2.1 (b) of this T&C;
- the rental fee specified in clause 5.5.1 of this T&C.

5.8.2. The funds specified in clause 5.8.1 shall be debited immediately after the termination of the Rental. If the total amount of payments specified in clause 5.8.1 of this T&C during the Rental of the IMD actually exceed 15 (fifteen) Belarusian rubles, the Copyright Holder has the right to debit (including during the Rental) funds in the amount of 15 (fifteen) Belarusian rubles from the User's account every time the specified limit is exceeded, up until the User terminates the Rental.

5.8.3. In the event of a lack of funds to pay the payments specified in clause 5.8.1 of this T&C, or the impossibility of debiting them from the User's account, as well as if the User's debt reaches an amount of more than 500 (five hundred) Belarusian rubles, The Copyright Holder is entitled to forcibly terminate the IMD Rental and restrict the User's access to the Mobile Application by blocking the account that does not allow the prolongation of the Rental until the User fully pays for the resulting debt under the Agreement.

5.9. Fine Debiting Procedures

5.9.1. At the moment a violation of the Agreement by the User is detected, for which a fine is provided for by the terms and conditions of the Agreement, the Copyright Holder shall the right to debit the amount of the corresponding fine from the User's bank card. If there are insufficient funds on the User's bank card, funds shall be debited to pay the fine in installments as funds are received on the User's card.

5.9.2. If, after debiting the fine in accordance with clause 5.9.1 of this T&C, the Copyright Holder establishes the unreasonableness of such debiting (in particular, due to the absence of a violation of the Agreement by the User or the absence of the User's fault in committing the corresponding violation), the Copyright Holder shall refund the money debited from the User's bank card to pay for

the fine. Such a return must be made by the Copyright Holder no later than 10 calendar days from the date the User sends the corresponding claim to the Copyright Holder using the Mobile Application.

6. Term of Lease (Rental) of the IMD

6.1. The rental period for the IMD is calculated in minutes and hours. The maximum rental period for the IMD cannot exceed 4 (Four) hours. Upon the expiration of the specified period, the Copyright Holder is entitled to forcibly terminate the Rental by the User of the IMD and block the movement of the IMD using software and hardware.

6.2. The IMD rental period shall be calculated from the moment the User clicks the "Start Ride" button in the Mobile Application (or a button with the corresponding functionality that has a different name, if it is named differently in the Mobile Application) until the User stops renting the IMD by pressing the "Finish" button (or a button with the corresponding functionality that has a different name, if it is named differently in the Mobile Application) in the Mobile Application, taking into account clause 6.3 of this T&C, and, upon request of the Copyright Holder in the Mobile Application, by sending a photo of the general view of the parked IMD through the Mobile Application as confirmation.

6.3. Pressing the "Finish" button in the Mobile Application (or the button with the corresponding functionality that has a different name, if it is named differently in the Mobile Application) results in the termination of the Rental only if the IMD is located in the Parking Zone indicated on the map in the Mobile Application. If the IMD is outside such a zone, pressing the corresponding button will not result in the termination of the Rental and the Rental period will continue until its completion by the User in the proper manner.

6.4. The User is not entitled to use the IMD outside the Rental period determined in accordance with clause 6.2 of this T&C.

6.5. In order to check the technical condition of the IMD, the User is given the opportunity for a free test movement of the IMD within 3 minutes from the moment the ride starts for a distance not exceeding 200 meters. A trip completed by the User during the period of such trial use (that is, a ride simultaneously less than 5 minutes long and with a distance of fewer than 200 meters) shall not be recognized as the IMD Rental in accordance with the Agreement (hereinafter — a "Zero Trip"). The rental and sublicense fees for a Zero Trip, including the sublicense fee provided for in paragraph 5.4.2.1 (a), shall not be accrued and shall not be collected. If the parameters of the Zero trip (any of the parameters — time or distance) are exceeded within a particular trip, such a trip is not Zero and it shall be recognized as the IMD Rental, the period of which is calculated in accordance with clause 6.2 of this T&C.

7. IMD Acceptance and Transfer Procedures

7.1. Acceptance and transfer of the IMD from the Copyright Holder to the User within the framework of the Rental shall be carried out as follows:

7.1.1 The User, using the Mobile Application, selects a specific IMD on the map. Using the phone camera, the User scans the QR code or NFC tag using the phone's NFC reader placed on the IMD. At the same time, the following information about the selected IMD is displayed in the Mobile Application: the location, tariff, charge level, as well as information about the choice of the Insurance service (the possibility of deactivating the service). When choosing an IMD, the User must check the sufficiency of funds on the bank card linked to its account in the Mobile Application.

7.1.1.1 Using the Mobile Application, the User can book a specific IMD at the tariff and for the period indicated in the Mobile Application. The booking can be canceled by the User through the Mobile Application. If the Booking is not canceled and the IMD is not accepted for Rental by the User before the end of the Booking period, the Booking ends.

The Copyright Holder is entitled to refuse a Booking to the User if the User has previously canceled one or more Bookings in a row.

It is allowed for one User to book several IMD.

7.1.1.2 It is allowed for one User to rent more than one IMD using one account — a Group Trip. In this case, the User can only transfer the IMD for driving to a third party who has reached the age of 18. In the case of a Group Trip, the User, and not the third party to whom the IMD was transferred, shall be responsible for all the property of the Copyright Holder and for compliance with the terms of use of the IMD under the Agreement. All monetary obligations associated with the use of several IMD (including payment of sublicense fees, rental fees, as well as penalties for violation of the Agreement during a trip started from the User's account) are assigned to the User and cannot be assigned by the User to a third party to whom the User actually transferred control of the IMD during the Rental.

At the start of a Group Trip, each Rental is started, as well as ended, by the User separately. The maximum number of rented IMD for a Group Trip in one account is 3 (Three), and it can be increased with the purchase of a Subscription by the User, if this is provided for by the description of the corresponding type of Subscription.

7.1.2. At the moment of pressing the "Start Ride" button in the Mobile Application (or the button with the corresponding functionality that has a different name, if it is named differently in the Mobile Application), the User confirms the actual acceptance of the selected IMD and the tariff applied in connection with its use (in relation to both the sublicense fee and rental fee).

7.1.2.1 The User can use the additional service and purchase the Insurance service. The User regulates the inclusion or non-inclusion of the Insurance service in the cost of the trip before starting the trip on the screen of the Mobile application. The User confirms its consent to purchase insurance and its cost indicated in the Mobile application at the moment of pressing the "Start Ride" button (or a button with the corresponding functionality that has a different name, if it is named differently in the Mobile application) when the Insurance service is activated. The cost of the insurance, the insurance company and instructions for actions in the event of an insured event are spelled out in the Mobile Application, and are also available at https://whoosh.bike/app_insurance.

7.2. Acceptance and transfer of the IMD from the User to the Copyright Holder at the end of the Rental shall be carried out as follows:

7.2.1. The User shall park the IMD at the Parking Point marked on the map in the Mobile Application with the "P" sign, it shall press the "Finish" button in the Mobile Application (or the button with the corresponding functionality that has a different name, if it is named differently in the Mobile Application), and at the request of the Copyright Holder it shall send a photo of the general view of the parked IMD through the Mobile Application, and it shall also fasten the IMD with a lock to the parking place (to the closed part of the structure so that the cable makes it impossible to use the IMD without first opening the lock) if there is a lock and if the parking is not Virtual.

7.2.2. Provided that the User parks the IMD correctly in accordance with clause 4.4.14 (taking into account clauses 4.4.15.1-4.4.15.4) of this T&C, after the Copyright Holder receives photos of the general view of the parked IMD, confirming correct parking, (if requested by the Copyright Holder), the IMD is considered to have been properly transferred by the User to the Copyright Holder.

7.2.3. Upon completion of the Rental by the User, the User receives a message from the Copyright Holder in the Mobile Application indicating the amount to be paid (including the amount of the sublicense fee and rent). In this case, the User's receipt of the corresponding message is not a confirmation of the Copyright Holder of the correct parking of the IMD by the User. Violations of the Agreement related to the parking of the IMD may be identified by the Copyright Holder after the end of the Rental.

8. Liability of the Parties under the Agreement

8.1. The Parties shall be liable for non-fulfillment or improper fulfillment of the obligations provided for by this Agreement and by the legislation of the Belarus

8.2 If the User delays payment of the sublicense fee and rental fees under the Agreement for more than 48 hours, the Copyright Holder is entitled to charge the User a penalty interest of 0.1 % of the indebtedness amount for each day of delay.

8.3 Except as specified in clause 8.2 of this Agreement, if the User delays the payment of other payments under the Agreement for the period of more than 14 (fourteen) calendar days from the date the Copyright Holder sends a request for payment of the corresponding payment to the User, the Copyright Holder shall be entitled to charge the User late penalty interest of 0.1 % of the amount of debt for each day of delay. The late payment penalties shall be charged until the User pays off the resulting indebtedness in full.

8.4. If the User breaches the provisions of the Agreement, the User shall pay a fine in the amount of 10 (ten) Belarusian rubles for the following violations (if the commission of the corresponding violation did not result in damage to the IMD and/or loss of the IMD):

8.4.1. more than one person riding on one IMD (including with a child) (clause 4.4.7.4 of this T&C);

8.4.2. completion of the trip at a place that is not marked as a Parking point on the map of the Mobile Application with a "P" sign (clause 7.2.1 of this T&C);

8.4.3. at the end of the Rental, attaching the cable to an open part of the structure and/or not closing the lock, if there is a lock on the IMD and if the Parking Place is not Virtual (clause 7.2.1 of this T&C);

8.4.4. transfer of control of the IMD to a person under 18 years of age (clause 4.4.5.1 of this T&C);

8.4.5. riding or otherwise moving the IMD outside the Ride Zone, provided that the User subsequently and independently returns the IMD to the Ride Zone within 30 minutes (clause 2.2.2 of this T&C);

8.4.6. transportation of the IMD in ground transport (car, bus, taxi, etc.) (clause 4.4.18.1 of this T&C).

8.5. If the User breaches the provisions of the Agreement, the User shall pay a fine in the amount of 35 (thirty five) Belarusian rubles for the following violations (if the commission of the corresponding violation did not result in damage to the IMD and/or loss of the IMD):

8.5.1. riding or otherwise moving the IMD outside the Ride Zone and the User's failure to return the IMD to the Ride Zone for more than 30 minutes (clause 2.2.2 of this T&C);

8.5.2. leaving the IMD without movement outside the Parking lot during the Rental period (if the Rental has not been completed) for more than 30 minutes (clause 4.4.7.11 of this T&C);

8.5.3. transporting the IMD in the metro, as well as the taking the IMD inside buildings or onto a restricted-access territory (clause 4.4.18.1 of this T&C);

8.5.4. allowing the battery of the IMD to completely discharge (clause 4.4.7.8 of this T&C);
8.5.5. incorrect parking of the IMD when the User has committed two or more of the breaches listed in clause 4.4.15.2 of this T&C.

8.6. If the User violates the provisions of the Agreement, the User shall pay a fine in the amount of 200 (two hundred) Belarusian rubles for the following violations (if the commission of the corresponding violation did not result in damage to the IMD and/or loss of the IMD):

8.6.1. improper use of the IMD and/or the Mobile Application;

8.6.2. breach of the traffic rules when using the IMD, as well as driving the IMD in violation of any of the provisions of clauses 4.4.7, 4.4.17 and/or 4.4.18 of this T&C.

8.7. If the User commits any of the breaches of the Agreement specified in clauses 8.4-8.5 of this T&C, if such a breach caused damage to the IMD without causing its loss (i.e. with the possibility and economic confirmation of the restoration of the IMD), the User shall pay a fine of 200 (two hundred) Belarusian rubles.

8.8. If the User commits any of the breaches of the Agreement specified in clause 8.6 of this T&C, if such a violation entailed damage to the IMD without causing its loss (i.e. with the possibility and economic confirmation of the restoration of the IMD), the User shall pay a fine of 400 (four hundred) Belarusian rubles.

8.9. If the User commits a breach of this Agreement, if such a breach entailed the loss of the IMD (including the actual loss of the IMD as a result of theft, submersion, etc., as well as causing such damage to the IMD, in which its restoration is impossible or economically inexpedient), the User shall pay a fine equal to the cost of the IMD, which is 1450 (one thousand four hundred fifty) Belarusian rubles for the S and M model Electric Scooters, and 1700 (one thousand seven hundred) Belarusian rubles for the L model Electric Scooters, and 6150 (six thousand one hundred fifty) Belarusian rubles for an Electric Bike.

8.10. Payment of penalties and (or) a fine shall not release the User from compensation for damage caused to the property of the Copyright Holder.

8.11. The risk of accidental loss or accidental damage to the IMD during the Rental Period shall be borne by the User.

8.12. The User shall incur the liability provided for by the current legislation for violation of traffic rules. If the Copyright Holder incurs expenses and/or losses in connection with the User's violation of the traffic rules, including those related to the payment of a fine for an administrative offense, the User undertakes to reimburse the Copyright Holder for the corresponding costs and/or losses in full.

8.13. If the User causes harm to the life, health or property of third parties, including other road users, during the use of the IMD, the User undertakes to fully compensate for the damage caused by its actions to both third parties and the Copyright Holder.

The Copyright Holder has the right to unilaterally change the T&C at any time by posting a new version of the T&C in the Mobile Application and on the Site of the Copyright Holder at the link https://whoosh-bike.ru/terms_by. Changes in the terms of the T&C concerning the content of the Agreement shall entail a change in the terms and conditions of all Agreements concluded earlier by Formal Acceptance of any version of the T&C.

10. Force majeure as the basis for exemption from liability for improper performance of obligations under the Agreement

10.1. 10.2. If any of the force majeure circumstances affected the fulfillment of obligations within the period established by the Agreement, then this period shall be commensurately postponed for the period of the force majeure circumstances. If this period exceeds three months, each of the Parties shall have the right to refuse to execute the Agreement unilaterally out of court by notifying the other Party to the Agreement in writing using the Mobile Application or to the User's email address that was specified during registration in the Mobile Application, and for the Copyright Holder to hello@whoosh.bike

10.3. In the event of force majeure circumstances, the Party for which it became impossible to fulfill the obligations under the Agreement shall be obliged to notify the other Party about the occurrence of these circumstances within 3 (three) days.

10.4. A Party that has not fulfilled its obligation and has not notified the other Party of the occurrence of force majeure circumstances within the time period specified in clause 10.3 and that has not documented their occurrence, shall lose the right to refer to these circumstances as the basis for exemption from liability for improper performance under the Agreement.

12.4. If the legislation does not imperatively establish a special (alternative, exclusive or other) jurisdiction for the relevant category of disputes, disputes arising from the conclusion, performance or termination of this Agreement shall be referred to the court at the location of the Rights Holder.

This condition does not exclude or prejudice the right of the User as a consumer within the meaning of Act No. 90-3 of 09.01.2002 on "The Protection of Consumer Rights" to choose jurisdiction in cases where such right is expressly provided for by law.

12.5. The parties have agreed that disputes arising out of the conclusion, performance and termination of this Agreement shall be settled in accordance with the rules of civil procedure law of the Republic of Belarus.
